Facilities

At Camera Hire we are committed to providing you with the best service and experience possible. We provide the latest equipment, with a focus on quality and attention to detail.

Our Alexandria headquarters features large test bay's for crews to examine and test equipment. Each bay has a well-lit frame, focus and resolution test chart and features a designated work bench for camera builds. Our team of prep technicians and client support staff are on hand to offer assistance and advice to both camera crews and production teams whenever required.

You can feel confident that with Camera Hire you will receive the attention and service required for your production to run smoothly from day one.
